UND EPIGENETIK

Public Announcement for Sponsorship of the Epigenetics Meeting 2026

On behalf of the organizers, we are pleased to invite you to become a sponsor of the **8th MAX PLANCK FREIBURG EPIGENETICS MEETING** taking place from **December 2nd to December 4th, 2026** at the Max Planck Institute of Immunobiology and Epigenetics in Freiburg, Germany.

Since 2010, the Max Planck Freiburg Epigenetics Meeting has established a tradition as one of the key events in chromatin and epigenetic research that provides a highly interactive platform in a very familiar setting. In 2026, the in-person meeting brings together 24 internationally renowned speakers and established scientists in a program that features around 40 talks over three days, and includes sessions on Cell type identities, Transcription regulation, Inheritance, Genome organization, Higher order structuring, Cancer and Disease.

In addition to our confirmed speakers, a significant number of short talks will be selected from the submitted abstracts, and a large poster session representing a broad range of topics in the field provides ample time for scientific discussions.

The 2026 Epigenetics Meeting will offer an excellent platform to meet with leaders in the chromatin and epigenetics fields and to have informal interactions in a very familiar setting.

For more information about the meeting, please visit our conference website https://events.ie-freiburg.mpg.de/

Below you will find an overview of the different sponsorship-packages that we offer:

Sponsorship-package 1 **2.000,-- EUR**

- Logo on our event website
- Logo on our monitors during the meeting
- Logo and short description in our program flyer

Sponsorship-package 2 **3.500,- EUR**

- As package 1, additional:
- Booth / Information stand
- Poster prize sponsoring

Please note that we have only limited space; for this reason, the Information stands / booths will be allocated on a “first come first served basis”.
